

Directions to Sue Netherton's Home – Polteana PL13 2GZ

From East Looe

Take the road leading to Sandplace & Morval and travel for about a mile and a half. Take the first left where you will cross first the Looe Valley Railway and then the causeway over the East Looe River. (At high spring tides this floods over the road) Follow the road up the hill and continue until you reach Trenant Cross. Five lanes converge here and there is a cottage on your left. Look for the signpost (on the left) and follow the road in the direction of Pelynt. This will be downhill. There will be four sharp bends. Polteana is about 100 yards beyond these bends on your left.

Drive just beyond the steep driveway and reverse into the opening on the road side of the gates to avoid scraping the underside of the car on the lip on the edge of the road. Once over the lip swing the car around and drive into the yard. (Four by fours need not worry about the lip!)

From West Looe

Take the Polperro road and then turn off towards Pelynt. About ¼ mile down the road turn right as though going to the John Fowler Holiday Camp. There is a signpost to Sowden's Bridge. Drive right down into the valley through the woods and turn left at the bottom and then keep on the main lane and cross over the bridge (West Looe River). Polteana is about 300 yards up the road on the right. Drive straight into the yard making sure that you keep on the right hand side of the drive to avoid scraping the car on the lip of the drive.

From Torpoint and points east of Looe

Drive through Hessenford and turn left off the road to Looe at the top of the hill at Widegates. Travel through Morval and drive down into the East Looe Valley. You are heading towards Looe and should be able to see the Looe Valley Railway on your right. Do not turn off the road at Sandplace but keep on the main road. About a mile on there is a road off to the right. Take this road where you will cross first the Looe Valley Railway and then the causeway over the East Looe River. (At high spring tides this floods over the road) Follow the road up the hill and continue until you reach Trenant Cross. Five lanes converge here and there is a cottage on your left. Look for the signpost (on the left) and follow the road in the direction of Pelynt. This will be downhill. There will be four sharp bends. Polteana is about 100 yards beyond these bends on your left.

Drive just beyond the steep driveway and reverse into the opening on the road side of the gates to avoid scraping the underside of the car on the lip on the edge of the road. Once over the lip swing the car around and drive into the yard. (Four by fours need not worry about the lip!)

From Plymouth and places along A38 East of Liskeard

You have a choice of routes – either follow the signpost to Looe from Trerulefoot Roundabout and then use the directions 'From Torpoint and points east of Looe' or continue to the Menheniot junction and turn off for Looe there. Then follow the instructions 'From Torpoint and points east of Looe' from sentence two 'Travel through Morval...'

From Liskeard and places north of there and along A38 west of Liskeard.

If you live near Morrisons it is probably easier to use the instructions given above from Menheniot junction. You will be travelling towards Looe, but will keep on the road to Sandplace via Morval. Stay on the road in the direction of Looe and take the road off to

the right about half way between the Sandplace junction and Looe. Follow the instructions from there as given above for Torpoint etc.

If you live on the West side of Liskeard, it is now easier to drive to Dobwalls via the Moorswater Estate. At the mini roundabout in Dobwalls take the left turn to Duloe and travel about 4 miles to reach the village. Drive through Duloe passing the Church on your right. A few 100 yards beyond the turning to the Church is a sharp bend with a junction to Tredinnick. Take this road, (in effect straight on) and drive through Tredinnick Hamlet. Continue for another good mile. You will be gradually going downhill all the time. When you reach the place where five lanes meet follow the road in the direction of Pelynt. This will be downhill. There will be four sharp bends. Polteana is about 100 yards beyond these bends on your left.

Drive just beyond the steep driveway and reverse into the opening on the road side of the gates to avoid scraping the underside of the car on the lip on the edge of the road. Once over the lip swing the car around and drive into the yard. (Four by fours need not worry about the lip!)
